

Food Advisory Board Members

The Pierce County Food Advisory Board is a group comprised of parties interested in promoting food safety in the community. Members include food service industry representatives, community members, and a Pierce County Board of Health representative.

The goals of the Pierce County Food Advisory Board are:

- To act as a liaison between Tacoma-Pierce County Health Department and the food service industry.
- To serve as an advisor to Tacoma-Pierce County Health Department on food service industry issues that affect the public health and safety of the community.
- To assist with the development of Tacoma-Pierce County Health Department operational policies and procedures.
- To provide input and assistance on the formulation and changes in financial policies.
- To assist Tacoma-Pierce County Health Department with strategic planning of future food safety related Program activities.
