

Our Mission

To enhance the opportunity for access to free and low-cost health insurance that meets the diverse needs of the community.

- Washington State offers insurance for low-income and working families. **Basic Health** is a State program for individuals and families. You can request an application online or check to see if you qualify for [Basic Health](#).

We Endeavor

To support, educate and empower parents, individuals and/or children.

- Your child might qualify for [Children's Medicaid](#).
- If you are working, your child may qualify for [CHIP](#) (Children's Health Insurance Program).

We Believe

Every individual has the right to receive health care. Every person should be given the opportunity to access health care.

- You can apply online for Medicaid programs through [DSHS](#).
