Your investments in public health help Tacoma residents. When public health works, it's often invisible...

**Total City of Tacoma funding: $1,318,040**

- **Health Pool**
  - Disease surveillance.
  - Lead in drinking water.
  - School-based oral health.
  - Health equity.
  - Smoke-free housing.
  - Gang Violence Reduction Executive Steering Committee.
  - Opioid abuse prevention.

- **Environmental Health**
  - Educate and permit Tacoma businesses to prevent groundwater pollution.
  - Environmental impact statements for city projects.
  - Support underground storage tank and methamphetamine lab clean up.
  - Remove and replace uncertified woodstoves to improve air quality.

- **Communicable Disease**
  - Tuberculosis investigation and control.
  - Communicable disease work with high-risk groups.
  - STD education, treatment and partner notification.

- **Family Support Partnership**
  - Eastside Family Support Center
  - Food/EBT assistance.
  - Medicaid referral assistance.
  - Evidence-based parenting resources and classes.

- **Maternal Child Health**
  - Pregnancy and infant safety education.
  - Youth truancy prevention in Tacoma schools.
  - Facilitated workgroups to help pregnant women and infants in Tacoma.
## Public Safety is Public Health.

**Opioid outbreak**
We support and give technical assistance to the jointly sponsored Pierce County Opioid Task Force and the National League of Cities Mayors’ Opioid Institute.

**Opioid treatment**
We offer substance use disorder treatment.

## Ending Homelessness is Public Health.

**Communicable disease**
We provide testing and treatment for diseases that disproportionately affect the homeless.

**Mental health**
We provide outpatient mental health support and counseling to our clients with substance use disorder.

**Homelessness in Tacoma**
We provide data and consult with the city on homelessness.

**Homeless mothers**
Maternal Child Outreach connects mothers to support services.

## tacoma2025

**shared vision | shared future**

We are a key partner for two Tacoma 2025 focus areas:

- **Health and safety**
- **Human and social needs**
