Make Halloween as fun and scary as you want. But the fear factor shouldn’t include COVID-19. We can all help to limit the spread.

**Remember to:**
- Stay 6 feet from people you don’t live with.
- Wear a face covering if older than age 2.
- Wash your hands often.
- Use plenty of hand sanitizer.

**If you hand out candy:**
- Use individually wrapped treat bags and place treats on a table.
- Use decorations to mark spots 6 feet apart for people to wait.

**Not scary: Activities online or at home with people you live with.**
- Scavenger hunt at home.
- Decorate pumpkins or face coverings.
- Online costume or pumpkin carving contest.
- Watch Halloween movies.

**Scary: Activities with people you don’t live with.**
- Door-to-door or indoor trick-or-treating.
- Trunk-or-treating.
- Halloween gatherings.
- Indoor haunted houses.
