

Waste Disposal Authorization Application

We need the information below to determine if this waste is acceptable for disposal at the LRI Landfill, the Wm Dickson Waller Road Landfill, or other permitted solid waste facilities. You might not be able to respond in the space provided. Please modify the format or add pages as needed. Include all the information requested below and email, fax or mail to:

Date	Email ehsolidwaste@tpchd.org
Site/Generator Name	Fax (253) 798-6498
Site Owner Name	Tacoma-Pierce County Health Department Waste Management 3629 South D Street MS 1045 Tacoma, WA 98418-6813
Describe the location where the waste originated (site address, physical location, company name, project name, etc.)	
Transporter Name	
Technical Contact/Consultant Name	
Proposed Solid Waste Disposal/Treatment Facility	
Describe the site history (if applicable).	
Describe the source of the waste, or how the waste is generated.	
Projected Quantity or Volume of Waste (tons or cubic yards generated per month, quarter, year, once, etc.)	
Describe the sampling method(s) or submit a sampling plan.	

Waste Disposal Authorization Application

Describe and justify the number of samples per volume of waste.

Describe and justify the parameters selected for analysis.

Please attach or enclose:

- Analytical results. A list of analyses is on page 3. Contact us to determine which analyses you'll need.
- Chain of custody forms.
- A sampling plan.
- Any other documents relevant to the review of the site, the facility and the characterization of the waste.

By my signature below, I certify that the information presented in this application is true and complete to the best of my knowledge.

Applicant Name	Applicant Title
Applicant Signature	Date
Company Name	Company Address
Phone Number	Fax Number
Email Address	

Waste Disposal Authorization Required Analysis

You must submit analytical results before disposal of waste in permitted Pierce County solid waste facility. The volume of waste dictates the number of required samples.

Volume in Cubic Yards	Number of Samples
0 - 25	2
26 – 100	3
101 – 500	5
501 - 1000	7
1001 – 2000	10
One (1) additional sample for every 500 cubic yards of material over 2000 cubic yards.	

The following analyses may apply to your site.

Contact us if you don't know which analyses we will require for your Waste Disposal Authorization.

Analysis	Method
Total RCRA Metals (8 analytes)	EPA 6010D/7471B
TCLP RCRA Metals (8 analytes)	EPA 1311/6010D/7470A
TPH - Hydrocarbon Identification	NWTPH-HCID
TPH - Gasoline Range Organics	NWTPH-Gx
TPH - Diesel and Heavy Oil Range Organics	NWTPH-Dx
Volatile Organics (VOCs)	EPA 8260C
Halogenated Volatile Organics (HVOCs)	EPA 8260C
BTEX	EPA 8021B
Semivolatile Organics (with low level PAHs)	EPA 8270D/SIM
Semivolatile Organics	EPA 8270D
PAHs - low levels	EPA 8270D/SIM
PCBs (as Aroclors)	EPA 8082A
TCLP Semivolatile Organics	EPA 1311/8270D
TCLP Volatile Organics	EPA 1311/8260C
Paint Filter Test	EPA 9095
pH (soil)	EPA 9045D

Forward analytical results to:

Tacoma-Pierce County Health Department
